Connect up to 8 Devices

Power and organize up to eight devices in a single vanity drawer with flexible configurations that keep cords hidden and countertops clear.

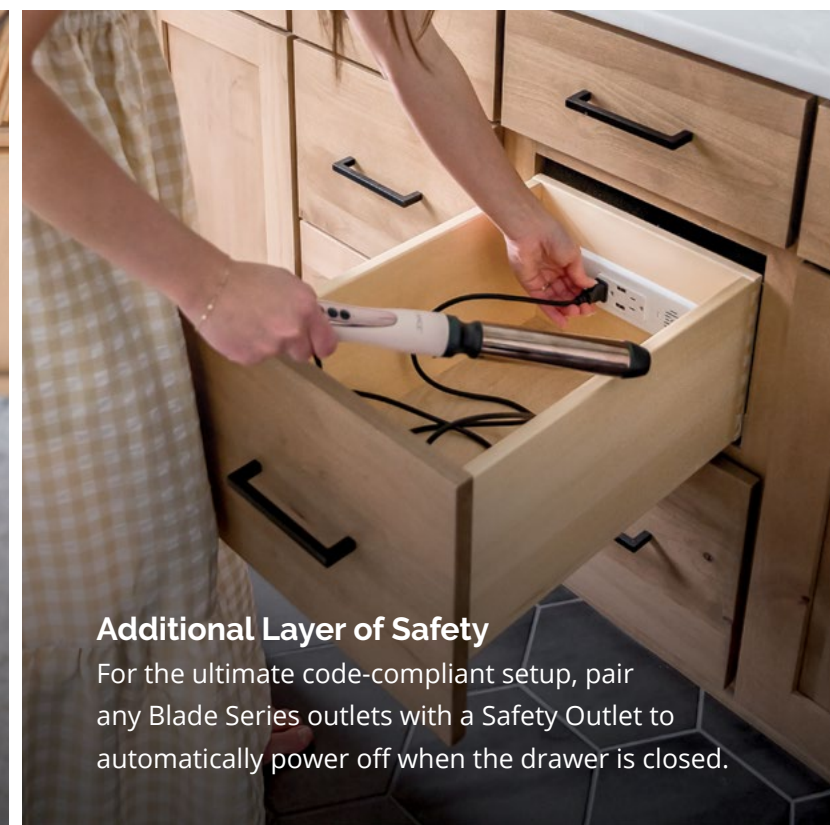

15 amp & 20 amp Solutions

Choose the perfect fit—15 amp outlets cover most applications, while 20 amp versions provide added capacity for high-draw devices.

Peace of Mind

Features a built-in safety thermostat that automatically cuts power if temps exceed 120°F to prevent overheating and ensure peace of mind.

Additional Layer of Safety

For the ultimate code-compliant setup, pair any Blade Series outlets with a Safety Outlet to automatically power off when the drawer is closed.

Tight Vanity Spaces? No Problem.

The Blade Compact Vanity Outlet is our most compact in-drawer outlet solution that makes adding power to your vanity easier than ever. We've simplified the process of creating a clutter-free, highly functional styling space with a solution that fits seamlessly into drawers in 21" deep vanities.

NARROW DRAWERS

-  **Perfect for Narrow Drawers**
Our most compact outlet yet fits seamlessly into the smallest size vanity drawers.
-  **Safety Thermostat**
Every outlet features a built-in thermostat & cuts power if drawer temps exceed 120°F.

-  **For 21" Cabinet Depth Only**
Outlet arms will not extend past 21", which is the standard cabinet depth for vanities.
-  **Additional Layer of Safety**
Pair any Blade outlet with a Safety Outlet to cut power when the drawer is closed.

Hair Tool Storage

Unmatched in quality and functionality, our Stainless Steel Capped Canisters, complete with optional silicone bands, offer the ideal hot tool storage solution. Available in a variety of sizes and styles to fit blow dryers, curling irons, shavers, and other styling devices.

CAPPED CANISTERS

-  **Variety of Sizes**
Available in 5", 4", 3", and 2" widths to store styling devices of every type
-  **Versatile & Secure Fit**
Silicone bands allow angled or horizontal installs while keeping canisters rattle-free
-  **Installation Flexibility**
Install with or without the silicone band to easily fit any drawer layout or tight space
-  **Unmatched Quality**
Crafted from high-quality, seamless and rust-proof stainless steel
