

Docking Drawer®

Flush Pop-Up Tear Sheet

1514-770

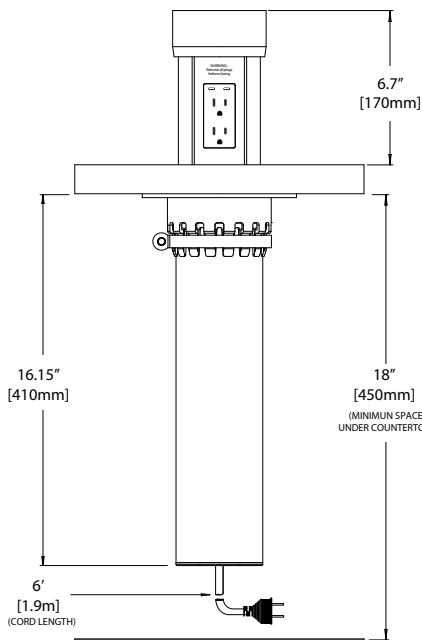

Docking Drawer Flush Pop-Up Outlets deliver power exactly where you need it—discreetly hidden within your countertop. Designed to blend seamlessly into stone, wood, and other solid surfaces, these outlets remain virtually invisible when closed, preserving a clean, uninterrupted aesthetic. With a simple press, the motorized outlet rises smoothly to reveal a variety of ports for flexible charging. Built with smart obstruction detection and requiring just 18" of clearance beneath the counter, the Flush Pop-Up combines advanced safety with sleek, space-saving functionality. ETL Listed for use in the US and Canada and available in silver or black finishes, it delivers a refined, modern power solution for any environment.

Flush Pop-Up Outlet 1514-770
